
M362K (57055), Survey #2
Instructor: Ravi Srinivasan

Due: 12pm, Monday, May 03

Note: This survey is intended to be anonymous. *Do not* include your name unless you would like a response from me.

1. List, in order of importance, the top 5 homework problems that you would like to see reviewed prior to the midterm exam. Be specific! (For example, HW8, pp. 234-236, #10.)

- | | |
|----|----|
| 1) | 4) |
| 2) | 5) |
| 3) | |

2. List, in order of importance, the top 3 concepts/sections you would like to see reviewed prior to the midterm exam. Be specific! (For example, Section 6.1: Conditional distributions: Discrete case.)

- 1)
- 2)
- 3)

3. Were there specific topics we studied this semester that you found particularly relevant or interesting?

4. Do you have any recommendations/advice for future students who choose to take this course?

5. Please provide any remaining comments or remarks.
