
M362K (56310), Survey #1
Instructor: Ravi Srinivasan

Due: 12:30pm, Thursday, Feb. 17

Note: This survey is intended to be anonymous. *Do not* include your name unless you would like a response from me.

1. List, in order of importance, up to 6 homework problems that you would like to see reviewed prior to the midterm exam. Be specific! (For example: "HW2, #4 [Pitman, p. 71, #6].")

- | | |
|----|----|
| 1) | 4) |
| 2) | 5) |
| 3) | 6) |

2. List, in order of importance, the top 3 concepts/sections you would like to see reviewed prior to the midterm exam. Be specific! (For example, "Sections 2.2/2.4 [When to use normal vs. Poisson approximation?]")

- 1)
- 2)
- 3)

3. Please provide any comments/suggestions you may have regarding the quality of the lectures (clarity, content, pace, etc.). Is there anything you particularly like/dislike?

4. Provide any comments/suggestions regarding the textbook and assigned homework.

5. If you are having difficulty in this class, please explain why.

6. Provide any remaining comments or remarks on the back of this sheet.
